distinctly

abode

The kitchen is one of the most important rooms in the home, so getting every detail of the design right is key.

When planning a new kitchen a customer can be specific on what's important to them, what overall style they 'd like and how the space will be used, but pulling together the optimum solution when there are so many products to choose from can be difficult.

When the kitchen furniture (quite rightly) takes centre stage, sometimes the final finishing touches such as the perfect tap can be an afterthought.

This booklet has been designed to help select the perfect tap pairing every time, that will finish off each and every kitchen perfectly.

We'll point you towards the perfect product pairings for popular design trends and customer wants/needs, highlighting the key product options, talking points and ultimately aim to simplify this one step of the process.

THIS BROCHURE WILL GUIDE YOU THROUGH THE KEY TRENDS OF 2022, WITH PAIRED PRODUCTS WHICH ARE AVAILABLE NOW AND WE'LL ALSO THROW IN A FEW CLUES ABOUT WHAT'S ON OUR EXCITING PRODUCT DEVELOPMENT AGENDA FOR THIS YEAR AND BEYOND.

The Trends

PRONTEAU™
by abode

1 Steaming ahead

The growing desire for steaming hot water on tap. *Pronteau by Abode hot water taps.*

2 Climate complexity

Products that help mitigate our impact on the environment. *Abode's sustainable solutions – Aquifier, Swich, Pronteau and our filter recycle scheme.*

3 Industrial style

This trend is still rising in popularity in the kitchen space. *Hex, Fraction.*

5 Compact living

When space is of a premium look towards small scale sinks and slimline taps. *Studio, Denton, Prothia, Althia.*

8 Don't forget the kitchen sink

A selection of undermount and inset sinks in stainless steel, ceramic and granite. *R15, Provincial, GR15, Sandon.*

6 Traditional Renaissance

Traditional style kitchens remain popular, but now often with a modern twist. Think colour pops in cabinetry paired with luxe sinks, taps and handles. *ProTrad, Astbury, Ludlow, Gosford.*

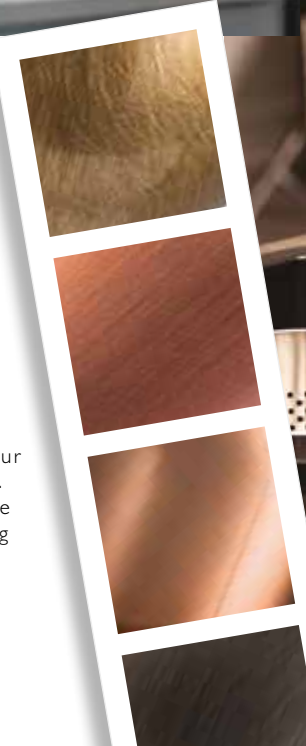

9 A combined approach

If you're planning a new bathroom, take a look at the Abode bathroom collection. Blend brassware and showering to achieve perfect harmony. *Harmonie and Serenitie.*

7 Multi-generational and inclusive living spaces

Are you creating a space that is more suitable for multiple generations living under one roof? Or do you need products tailored to your specific needs? If so, check out the products in this section. *HotKey range, Agilis, Tubist T.*

4 Fabulous finishes

We have an array of special finishes available across our product portfolio. There's sure to be the perfect pairing for your new kitchen design. *14 fine finishes from Abode.*

Why choose a steaming hot water tap?

- Save time
- Environmentally friendly
- Cut out plastic bottled water
- Reduce water wastage in the home
- Eliminate kettle safety concerns
- Streamline the kitchen
- Improve the taste of hot drinks

Why a Pronteau by Abode hot water tap?

1 Design -

Abode have a team of designers dedicated to delivering the best in industry kitchen tap design. We design beautiful kitchen taps to complement popular kitchen design trends and build the technology in around that.

2 A combined approach -

Across the full Pronteau offer, there are currently three ways in which the hot water is dispensed, allowing you to choose which option is most suitable for your household.

3 Finishes -

There are seven beautiful, on trend finishes across our Pronteau collection to choose from allowing the perfect pairing for a multitude of kitchen designs.

4 WRAS approved -

All Pronteau by Abode products are passed through WRAS to ensure our products are fully compliant with Part G(3) of UK Building Regulations.

*Prothia and Propure models are available in:
Chrome, Brushed Nickel,
Matt Black, Brushed Brass,
Urban Copper*

BY USING A PRONTEAU 4 IN 1 TAP WHICH PROVIDES FILTERED COLD WATER, SUCH AS THE PROPURE 4 IN 1 INSTEAD OF BUYING BOTTLED WATER, YOU'RE ALREADY HELPING TO REDUCE THE AMOUNT OF SINGLE USE PLASTIC CONTAMINATING OUR NATURAL ENVIRONMENT.

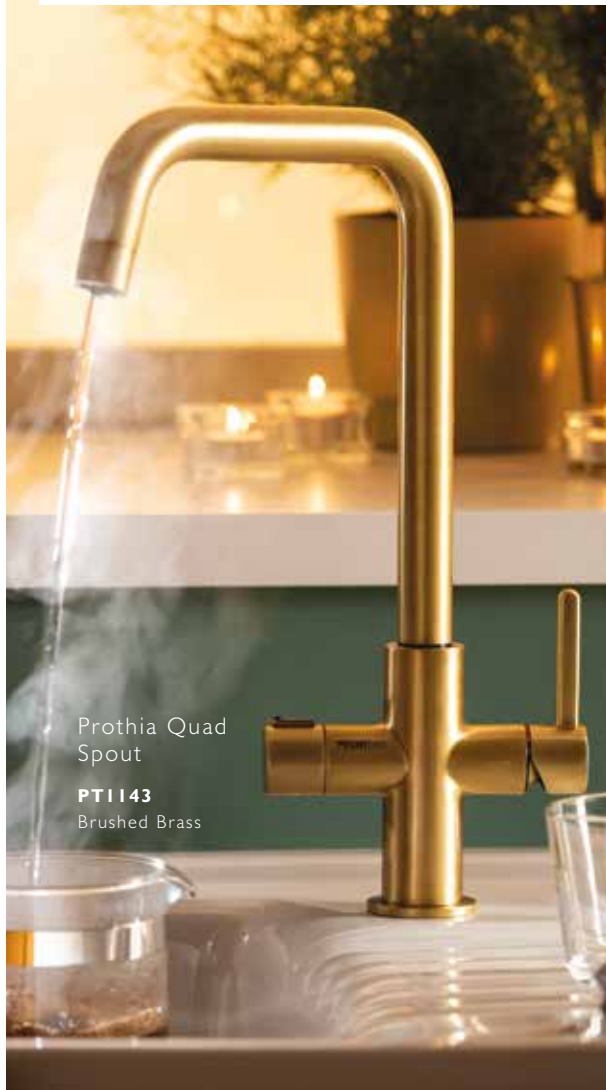

ALL PRONTEAU FILTERS ARE PART OF THE ABODE FILTER RECYCLE SCHEME

The NEW Abode Filter Recycle Scheme offers something extra, the peace of mind that your filter will also be recycled at the end of its life. Send your filter back to us and we'll take care of the rest!

What's involved?

Once we've collected a sizeable batch, we send them to our approved recycling partner who responsibly oversees the separation of each component part. They ensure the plastic is ground down, ready to be reused and the internal resin is also brought back to life for reuse.

SIMPLE SUSTAINABLE SOLUTIONS ARE BECOMING ONE OF THE KEY INFLUENCES TO MORE AND MORE PURCHASING DECISIONS.

IF CREATING A SUSTAINABLE KITCHEN IS KEY THEN WE SHOULD BE TALKING ABOUT WATER FILTER TAPS, PRONTEAU BY ABODE 4 IN 1 TAPS AND SWICH BY ABODE.

ALL OF THESE PRODUCTS REMOVE THE NEED FOR BOTTLED MINERAL WATER AS YOU'RE ADDING THE BENEFIT OF FRESH FILTERED COLD DRINKING WATER ON TAP FOR THE LIFETIME OF THE PRODUCT.

PRONTEAU™
by abode

Our 4 IN 1 ranges have it all, domestic hot & cold water, filtered steaming hot water and filtered cold water.

With no need to fill the kettle every time a hot drink is made or a pan is to be filled, you will find that water and energy wastage in the household is reduced.

HIGH RESIN AQUIFIER & SWICH FILTERS ARE PART OF THE ABODE FILTER RECYCLE SCHEME...

By using an Abode filter product instead of buying bottled water, you're

already helping to reduce the amount of single use plastic contaminating our natural environment.

As well as this, the NEW Abode Filter Recycle Scheme offers something

extra, the peace of mind that your filter will also be recycled at the end of its life. Send your high resin filter cartridge back to us and we'll take care of the rest!

2022 marks the 15 year anniversary of our award winning, patented Swich device. To mark this, we will launch an exclusive, limited edition Swich model this summer. We're also working on a new addition to our Aquifier offer which you'll see later in the year.

INDUSTRIAL STYLE

WE'RE CONFIDENT THAT THE INDUSTRIAL INSPIRED AESTHETIC ISN'T GOING ANYWHERE IN 2022 AND BEYOND. IT'S A LOOK THAT YOU CAN ADOPT FOR BOTH TRADITIONAL OR CONTEMPORARY DESIGN PREFERENCES. JUST LOOK HOW OUR HEX IN ANTIQUE BRASS BELOW SEAMLESSLY BLENDS IN WITH TRADITIONAL SHAKER CABINETRY.

Our Hex and Fraction collections have been designed to be industrial in style at their very heart (or handles in this case).

Beautiful design crafting meets functionality with the Agilis range. This sleek and sweeping L shape tap features a knurled collar on the spout exit and the handle is located on the front of the tap body.

With the handle up front and centre an agile movement such as the flick of a wrist will operate the water flow of the Agilis. Great if you have dirty hands from food preparation, baking or gardening.

Designed for ultimate ease of use, the Agilis reduces reach making it simpler to access the tap handle.

The Pronteau 4 IN 1 range with HotKey® could just be one of the safest hot water taps on the market. This patented product range features in-built technology so the steaming hot water can only be dispensed when the HotKey fob comes into contact with the front of the tap body. This means there is no possibility of accidental dispensing of the steaming hot water if they HotKey is not present. The HotKey is magnetic so if filling heavy pans this can be done using both hands whilst the HotKey is fixed in place.

As well as the safety element, strength/pressure are not needed to operate the hot water by push down, pull, twist or slide functions, making it the best option for those with dexterity problems.

This range is available in Monobloc and 3 Part designs and...

Coming soon

The Kite range from Abode will be the latest exclusive addition to our bathroom portfolio.

The handles on this range are inspired by the luxurious pattern found on a Chesterfield sofa, a truly unique design sure to wow.

Here we have the Pronteau Prothia 3 IN 1 tap in Matt Black (left) and the Pronteau Propure 4 IN 1 tap in Brushed Brass (right) sitting beautifully in two very different kitchen designs. Both blend modern with traditional elements with beautiful on-trend green cabinetry.

This single lever from the unique Abode Hex collection sits perfectly in this kitchen with industrial elements. The combination of Matt Black and Brushed Nickel on the tap work harmoniously with the black framework and concrete hues in this kitchen design.

Credit: Janus Interiors

Create a modern and traditional blend as shown here by using handleless cabinetry and a contemporary sink paired with the true traditional styling of the Abode Ludlow collection (below). Or opt for true traditional style as shown (left) with an Antique Brass Gosford and Belfast sink paired with this beautiful green shaker and paired brass cup handles.

Credits: Janus Interiors & CRL Stone

If you're considering more accessible options take a look at the Agilis (shown here in brushed brass). The handle is upfront and centre for reduced reach. This design is a showstopper, providing an on-trend finish whilst being practical and functional.
