

CLASSICALLY

abode

Welcome to Abode Designs, where we inspire and enhance homes with heart and passion in everything we do.

Established in 2002, we have become a trusted name in the kitchen and bathroom industry, known for our unwavering commitment to quality and innovation.

The all new Classically collection encompasses what we are best known for; luxurious design leading, premium quality products, lovingly designed in Britain and crafted in Italy. Brought to you by our team of specialists, who's passion lies in the design and development of exclusive, award-winning products.

INNOVATION

We place our focus on designing and engineering brassware collections that bring something different; crafting unique, premium designs that bring a touch of luxury to your everyday life. Our British design team ensure each product is a blend of style and functionality. Our commitment to quality means every detail is meticulously curated and our market leading customer service guarantees satisfaction whenever you need us.

Buying Abode means complete peace of mind. We have strict quality standards, investing in the very best components and latest manufacturing techniques to ensure long-life performance. We are so confident in the quality of our products that they carry a comprehensive warranty.

From our family to yours, discover the heart of Abode Designs and let us help you create a home that truly inspires.

WARRANTY & CUSTOMER CARE

COMPREHENSIVE WARRANTY

In the unlikely event that you should experience any defect in the materials or workmanship of your new

- Abode sink within 10 years of purchase
- Abode tap within 5 years of purchase
- PROBOIL boiler within 2 years of purchase

The purchaser's sole remedy shall be the replacement (at the manufacturer's discretion) of all or any part of the product that is defective.

For the tap, all working parts and valves are guaranteed for a period of 5 years from date of purchase. Decorative surface finishes and O-rings are guaranteed for 1 year from the date of purchase provided that our advice concerning care has been observed and no scouring agents have been used.

This is provided that the sink or tap has been used for normal domestic purposes and that the care, installation and maintenance instructions have been observed. The warranty extends to the original purchaser only.

WATER REGULATIONS

All products should be installed in accordance with Local Water Bye Laws. Visit www.abodedesigns.co.uk to search all products with a current WRAS approval.

Our PROBOIL boilers store water at a maximum temperature of 98°C to conform to UK legislative limits. Spout exit temperatures will vary according to environmental changes and usage patterns.

TECHNICAL SUPPORT

Choosing the right mixer tap and sink for your home is an important choice as the tap is not only the most architectural item in your kitchen, but also the most used. Think about the style you require, the ease of use you are looking for, and then consider your existing water supply and the water pressure available to you. If you are unsure whether a tap will be suitable for your application, please contact our technical support team or visit our website www.abodedesigns.co.uk for more information.

For sinks, consider the uses of the sink, the number and bowl sizes, the type of worktop material you propose to use and the base unit space available to install within.

Your long-term satisfaction with the product is important to us. In the event that you require spare parts for your Abode product, please contact our technical support team or visit our web site for further technical information.

THE SMALL PRINT

Abode is a division of Norcros Group (Holdings) Limited, a leading supplier of high quality and innovative kitchen and bathroom products.
